# KESHA NIGHT

The kesha event was graced with over a hundred congregants who started arriving from 6pm from various places, they were to registered with the security personnel giving their relevant information before entering the chapel. Imani staffs curtain raised the kesha through praise and worship followed by the FIC praise and worship Team which led the congregation into prayers and supplications prior to the opening prayer. The event was called to order by the kesha coordinator, Rev. Winnie who later introduced the ministers present in the chapel. Rev Butaki Ptallah was our first minister who shared a word of encouragement and introduced the theme of the night. "HOPE IN THE FACE OF ADVERSITY" ROMANS 5:3-6 Not only so, but we[a] also glory in our sufferings, because we know that suffering produces perseverance; perseverance, character; and character, hope. And hope does not put us to shame, because God's love has been poured out into our hearts through the Holy Spirit, who has been given to us. You see, at just the right time, when we were still powerless, Christ died for the ungodly.

He later welcomed the Guest speaker Rev. Dr. Simon Masiga from Uganda who is a minister at BIBLE SOCIETY OF UGANDA and a lecturer at MAKERERE UNIVERSITY-UGANDA. The teachings were edifying and impactful as it saw two giving their lives to Christ. After confessing christ as their lord and savior the two were gifted with bibles which would help them in their new life in christ. The new born Christians were advised not to go back to their old ways but follow Christ throughout their lives.

After the powerful session we had people testifying of the goodness of the lord. Soon after the praise and worship experience began and Neema choir occupied the stage leading the congregation into praise songs for an hour followed by Jehovah Shammah group then finally Hallelujah Team from centre Kwanza.

Kesha would never be complete without intercession. Rev.Otwoma from Jehovah Shammah worship center lead the congregation to the prayer session and interceding for those who shared their needs and requests for the remaining one hour before dawn.

# HARVEST OFFERING "MAVUNO"

[Rev. Dr. Ptallah Butaki Praying for the harvest]

Exodus 23:16

16 "Celebrate the Festival of Harvest with the first fruits of the crops you sow in your field. "Celebrate the Festival of Ingathering at the end of the year, when you gather in your crops from the field.

**"When you come into the land which I give you and reap its harvest, then you shall bring a sheaf of the first fruits of your harvest to the priest." —Leviticus 23:10**

God called his people to bring the first yield—the first fruits—from their harvest to him as an offering. This was to demonstrate the Israelites' obedience and reverence for God. It also showed that they trusted God to provide enough crops to feed their family.

Making a first fruit offering opens us up to allow God to work in our life. When we approach God with open hands—rather than clenched fists—it makes it easier for him to give us more to work with.

Giving of our first fruits reminds us that God is our ultimate priority. It shows God that we are obedient to him and we can be trusted with more. Perhaps most importantly, being generous in this way shows that we are grateful for all God has given to us.

23rd of October 2022 was the day to bring and dedicate the harvest offering at Faith Church. This was timely done on that day after the main service, members of the FIC brought their harvest. The offerings were prayed for by Rev. Dr. Ptallah Butaki and afterwards brethren were wished full chances of blessings.

**Michael-Bigtree**

I am 23 years old married with one child. I am a musician and due to challenges I faced in my career I decided to go to Nairobi to look for greener pastures. In my pursuit I met other Gospel Artists who were doing so well in the music industry who advised me to join their club so that I could experience success in my career. At first I thought it was something worth trying, only to realize it was a secret society. Out of my desperation I decided to try my luck. They asked me to make payment to register with the club and they would help me with production of my first music video and ensure it trends. After paying forty thousand Kenyan shillings I realized that I was being conned. Not only did I lose my money I also lost my dear wife and my mobile phone.

I tried so hard to get to the top without success so I decided to come back home with so much pain and bitterness and I did not want anything to do with God. The journey wasn't easy while on the way I was robbed. Few days later as I was passing by Imani Radio and TV ministries I received a great conviction to stop by and I did. Immediately I entered the gate I felt peace in my heart. I was welcomed and led into the pastor's office where I met pastor Meshack who heard my story, encouraged me and prayed for me. During the Lunch hour service I received Christ as my Lord and Personal savior. I surrendered all the chains and other things had been offered by that secret group, they were burned and my soul was restored. I was connected to a church near my home where I will be fellowshiping so that I can grow spiritually. I thank God for His mercy upon me and for using Imani radio and TV Ministries to transform my life, I have peace. All glory to God
