

## Dear Scott Beigle and Faith Radio Listeners

### Greetings in Jesus name,

*“... And the Lord added to their number daily those who were being saved.”* (Acts 2:47)

It is always good to witness how the Lord takes us from one stage to another.

When we look back when we started our ministry 11 years ago we have all the reason to thank God for this far He has brought us.

God has been so faithful to take us step by step to where we are today, and He has not yet finish the journey, He is still taking us from one glory to another.

After ten years in this ministry, as we saw the need to receive the word of God increasing, God spoke to us that the time to expand our ministry has come.

**On January 28, 2018** we launched a new extension of our ministry which is **Warehouse Christian Center – WCC** whereby 4000 people attended the launch on that very day.

**Above photos those are some of the people who attended the VHM – WCC launch. It was Great Day and Great Experience Ever Since We Began VHM**

WCC is a center where by people are coming to receive different teachings and trainings in weekly bases. Every week since then we are running three programs in the center and all the teachings are being recorded and be aired in TVs, Radio stations and in social media like You Tube, WhatsApp, etc. where hundreds thousands people are learning through this way.

**Above are some of the participants who attended the launch of Warehouse Christian Center – WCC People were so happy for this vision and program**

From the time we launched this new program people attend the teaching and trainings three times a week. We receive total **1600 people** weekly for teachings and trainings. Among the people who comes every week, some of them are non-believers who are invited by their friends to attend the teachings. When they come to our program we also share the love of Jesus Christ and we challenge them to consider receiving Jesus Christ as their person savior. The response is very good every week at least the total of **50 people** who comes for teachings receives Jesus as their savior.

**Above are some of participants of WCC launch enjoying being in the presence of God during our first day of launching our new expansion of our new ministry - WCC**

The main objectives of WCC are:

**1. *To provide a sound biblical teaching to different people according to their needs.***

- Couples teachings and trainings
- Youth teachings and trainings
- Family teachings and trainings.
- Leadership teachings and trainings
- Other general teachings and trainings for spiritual life formation.

**2. *Counseling Ministry***

- To provide one on one counseling services
- To train people who will become good counselor to help people with different challenges.

**3. *Prayer and intercession Ministry***

- Praying for people who have different challenges which needs serious prayer.
- To train people to be prayer worriers so as they can pray for their challenges instead of waiting only to be prayed to.

Many people had to seat outside the main hall because we had many people and the conference hall could not accommodate them all. Some had to seat outside and watch through screen monitors. We had six locations where people had to seat a party from the main conference hall. People are very hungry and thirst for the word of God.

They were some people that could not see the screen but they heard the sound from a distance. They stayed to the last minute of the event. We really thank God for his favor and grace to us. God has chosen us and gave us special favor to be used by Him to touch and transform the lives of many people in Africa.

**Some bishops who attended the event got some time to pray for my wife and I for God's direction and His grace as we lead this new program and touch more lives for Christ.**

**PLEASE PRAY FOR US:**

Right now we are running these teachings and training weekly from the rented facility. We are paying \$1 600 weekly for us to use the venue three times a week. This means we are paying \$6400 per month to be able to use the facility.

This is a lot of money. We are praying for the Lord to provide us with funds to buy a land which we will build our own facility and be free to use the facility 24/7.

We believe that nothing is impossible before the Lord.

We are thankful to all people for your prayer and support towards our family and the ministry in general.

God bless you

**In Christ**

**Peter and Patience Mitimngi & VHM – WCC Team.**
