

MINISTRY PROGRESS

It is hard to believe that it is already 13 years now since we started Voice of Hope Ministries – VHM. For all these years by God's grace we have been able to visit hundreds of villages and starts many new churches and bring over 65,000 people to Christ. We have witnessed people being delivered set free through the name of Jesus Christ.

People in the Village Receiving Jesus Christ as their Personal Saviour

By God's grace 2019:

- We preached the gospel in **60 villages**
- We had 48 prayer camps in **48 villages** to pray for people and villages in general to be set free.
- **16 new churches** have been planted in different villages.
- The total of **5198** have given their lives to Christ.

Two years ago, by the grace of God our ministries expanded. The Lord led us to start a Christian centre (**Warehouse Christian Centre – WCC**) where people from all over will be coming to receive bible teachings and trainings, counselling and to be prayed for. January 26th 2020 we will be celebrating our 2nd anniversary of many things that the Lord has done through this ministry.

It is a privilege to us to be chosen by God to serve Him to touch the lives of thousands for His Glory

God has done many things 2019 Through This Ministry - WCC

54,733 people has been ministered through, bible study programs, different seminars, counselling ministry, prayer ministry etc. **914 people** have surrendered their lives to Christ through this ministry (WCC) We have reaches over **10 million people** 2019 through social media.

Many people who have been oppressed by the power of the darkness have been set free through the name of Jesus that we preach at WCC

Some of the Goals for 2020:

- To have prayer teams that will be praying for different people and for different areas.
- To improve children ministry.
- To train more counsellors to help people who are going through challenges that they need counselling not just a prayer.
- To bring together pastors from villages for a special training at the end of 2020.
- To have leadership trainings in the cities to help our leaders to be more effective.
